

Certified Medicare Set-Aside

Reasonable Consideration of Medicare's Future Interests

While submission of a Medicare Set-Aside (MSA) to the Centers for Medicare & Medicaid Services (CMS) for review and approval is voluntary, payers are required to reasonably consider Medicare's interests in a settlement and avoid a cost shift to Medicare to pay for future, injury-related Medicare-covered treatment.

Why Choose a Certified MSA?

The **IMPAXX** Certified MSA reasonably considers Medicare's interest by projecting future treatment based on standards of care, evidence-based medicine, the claimant's medical utilization as reflected in the most recent two years of treatment records, and treating physician recommendations.

Utilizing our Certified MSA saves you time and frustration by allowing you to settle your claim faster. By opting out of the CMS submission process, you can avoid delays and potentially overfunded MSAs.

Action

Experience faster claim resolution and minimize ongoing open claim costs caused by the voluntary submission process.

Allocation

Avoid overfunding that can occur when forecasting medical needs based solely on outcomes predicted during CMS review.

Administration

Utilize post-settlement support to help optimize usage of Medicare Set-Aside funds.

Post-Settlement Administration

Our Certified MSA includes administration services provided by our partner Bridge Pointe. Parties can choose between two options.

Our Certified MSA reasonably considers Medicare's interest in accordance with the Medicare Secondary Payer statute.

Professional Administration: Funds are placed into a separate account where the Medicare Set-Aside is managed, but care is never directed.

Self-Administration with Support: Post-settlement funds are managed by the claimant with assistance from Bridge Pointe.

Both administration options offer:

- Unlimited bill review
- Pharmacy discounts
- Negotiated discounts on medical services and Durable Medical Equipment
- Continued support through the life of the MSA funds

Extend Savings with a Structured Settlement

Additional savings can be achieved when a Certified MSA is funded with a structured settlement, which is also offered through our partner Bridge Pointe.
